

# **VOLUNTEER WITH THE ELECTION PROTECTION COALITION**

The national, nonpartisan Election Protection coalition works so all voters have an equal opportunity to participate in the political process. Made up of more than 100 local, state and national partners, Election Protection works year-round to advance and defend your right to vote.

Our Election Protection program makes sure eligible voters know how to cast their ballots and ensure they are counted. On Election Day (and during early voting) we will mobilize voter protection field programs across the country — looking out for voters' rights while practicing safe social distancing.

Throughout the election, our volunteers collect information and respond to any and all election irregularities. Election Protection focuses on the voter and provides guidance, information and help to any American.

## **VOLUNTEER OPPORTUNITIES**

### **POLL MONITOR**

Poll Monitors stand outside of early vote centers and polling places to answer voter questions, distribute fliers with voter education, and report problems to the Election Protection Hotline.

### **SOCIAL MEDIA MONITOR**

Volunteers will receive training on how to monitor their social media feeds for disinformation and misinformation so that we can source it, report it and remove it if needed.

### **ELECTION AMBASSADOR**

Ambassadors distribute posters, palm cards, or yard signs featuring the Election Protection Hotline 866-OUR-VOTE, to places such as barbershops, bookstores, churches, coffee shops, and food pantries. Ambassadors can also be trained on how to answer frequently asked voting questions such as updating voter registration, requesting and tracking absentee ballots, and referring voting problems to the Election Protection Hotline.

### **COMMAND CENTER VOLUNTEER (LEGAL EXPERIENCE PREFERRED)**

Command Center Volunteers will receive training on how to use Our Vote Live, the database of election related questions and problems reported through the Election Protection Hotline. Volunteers can monitor the Hotline virtually from the comfort of their home or office.
